I am a proactive, dependable, reliable and enthusiastic professional with over 20 years of construction experience. I started my construction career in high school and have natural construction intelligence with a high level of self-motivation which has allowed me to advance quickly. I would like an opportunity to interview for this position at your earliest convenience.

### **Objective**

With twenty plus years experience in the construction industry, I offer my abilities and qualifications to your company for the position of **Project Superintendent**. I have been certified in GSWCC, OSHA, FIRST-AID & CPR.

I am looking for new career opportunities working with an established, successful and progressive General Contracting company as a Project Superintendent so that I may be able to use my knowledge and enthusiasm in order to continue to excel in the construction industry, while contributing to the company's success and reputation. My experience and motivation provide a solid foundation.

### **Professional History**

## **Qualifications**

I have gained a broad spectrum of experience in all phases of construction from the initial setting up of a site, through to final occupancy and turn over to the client. I have supervised field staffs numbering from five to fifty construction professionals. I am a goal oriented individual with a strong ability to identify problems and bring them to resolution. My communication skills in dealing with both staff and contractors are outstanding. I am a high performance leader who goes above and beyond to exceed expectations. Every project needs a Project Superintendent who thinks outside of the box in seeking the means to increase productivity and cost savings. I believe that I possess the ability to do this while continuing to be a strong team player.

## **Professional Skills**

- o Exceptional background in Residential / Commercial construction.
- o Professional attitude.
- o High standard for workmanship.
- o Detail oriented with a strong work ethic.
- o Successful completion of multi-million dollar projects through coordinating trades, developing partnerships, and building positive rapport with architects, engineers, local officials, vendors, and clients while maintaining costs and schedules.
- o I am versed in document preparation, building codes and regulations, material purchasing, impending design problems, site management, overall project scheduling, field staff supervising, and subcontractor management.

## **Awards:**

Was honored to receive the “Cleanest and Safest Job Site of The Year” award for the Target at The Prado project off of Roswell Rd. in Sandy Springs, GA as well as “Job of The Year” award for the S. Fulton High School project in Fairburn, GA while employed as Project Superintendent for HJ Russell & Co.
