

Resume

Jerry H. Turnbo

1972.I started to working for Forcum Lannom Construction Coimpany as a laborer.I continued to work there for about five years more and I was promoted to the posision of carpenter.I built forms for many types of concrete projects.I also ran a sifing crew and a steel tying crew.I also hung rediron and weld.I also ran equipment to shake out rediron.I also learned to operate a backhoe.1990 I was laid off due to the like of work.

-At this time I was hired by H&M Construction Company as a carpenter.I worked for about a month as a carpenter .I was ask to go to Milan Tn to help a superintendent finish a project that was behind on scheduel .After finishing this project I was ask to go to Jonesboro Arkansas to help another superintendent build a seven hundred thousand sq ft industrial project.I worked on this project as a crew leader.After completing this project I was ask to go to another project there in Jonesboro to build some offices inside another industrial project as a foreman .When I fin ished this project I was ask to go to Johnson City tn as a superintendent to help another superintendent build another industrial project.this project was American Water heaters.After finishing this project I was sent to Jackson Tn to build a classroom addition on a school and a new Gym,After finshing this project I was laid off in 2002 due to the like of work.

-At this time I looked for employment in Jackson Tn I was hired by Brasfield Construction Company as a superintendent.I finished building a sports complex for union collage there in Jackson Tn.After finishing thios project I was sent to lambuth collage there in Jackson Tn to convert a n old gym into a performing arts building After finishing this project I was laid off due to the like of work.

-At this time I looked for employment in Memphis Tn.I was hired by M.C.D.R Construction company as a Superintendent.To put in a foundation for a st jude project.After finishing the foundation i was ask to go to Collierville Tn to finish building a new gym for a new school project.While I waqs there I put in a Olympic size swimming pool .When I finished these projects I quit this company to go to work for another company there in Memphis Tn for more money.This company did n ot work out I was laid off for reasons unknown.I was told that I was being laid off because they had some of their older superintendents that were finishing their projects and they needed somewhere to put them.I began to look for employment elsewhere.

-2004 I was hired by McKinney Construction Company in Fulton Tn as a Superin tendent.I built a addition on a Church of Jesus Christ of Ladderday saints.There in Fulton Tn.After completing most of this project I was laid off because they needed somewhere to place their superintendent that had been with them a lot longer than I had.I looked for work in Memphis Tn.I was hired by Smith Doyle Contractors to build some Jails in Searcy Arkansas and in Waldron Ark.2008 I was laid off due to the Like of work.
