### SUMMARY

I've have over 11 years experience in the field of dental hygiene. My experience has given me knowledge of the latest technologies and techniques in the dentistry today. Over the years I have become very skilled, dexterously gifted, and can do my job at a swift pace while maintaining quality work. I make friends easily, "fit in" in every situation, and remain professional at all times.

### PROFESSIONAL EXPERIENCE

- Proven track record of exceeding monthly production goals
- Awarded bonuses frequently for achieving monthly product sales goals
- Reputation for cleaning teeth swiftly and efficiently when on tight time schedule
- Expert handling of Ultrasonic Scalers: Piezo, Cavitron, Cav-Jet, and Prophy-Jet.
- Proficient in *Practice Works, Dentrrix, and Eagle Soft* dental software.
- Use of digital x-ray with Kodak software on computer.
- Capable of performing x-rays for bitewings and periapicals for emergency exams.
- In charge of Occupational Safety and Hazard Administration, OSHA.
- Scaling and root planning for soft tissue management.
- Normal cleanings with different recalls. 3, 4, and 6 months.
- Responsible for all new patient exams. Which includes x-rays, dentition charting, periodontal charting, and use of intra oral camera.
- Have worked with multiple dentist and/or single dentist.
- Working with uneasy patients to make them more comfortable and calm.
- Going above and beyond to make Doctors responsibilities trouble-free.
- Worked front office. This consisted of filling charts, answer phones, scheduling appointments.
